

Telugu Singles Meet in Dallas a great success

Dallas, TX: Telugu Association of North America (TANA) and TeluguMatrimony.com, a part of BharatMatrimony.com, hosted a networking event — Telugu Singles Meet — for Telugu singles at the Westin Park Central Hotel here on April 17. Also, a separate luncheon meeting for parents of singles was arranged at Ruchi Palace Indian Restaurant in Carrollton, TX. Both the events were successful in bringing more than 100 singles and parents together to meet and exchange their information. These events were co-hosted by the local Telugu Association of North Texas (TANTEX).

“TeluguMatrimony has conducted successful singles and parents events at the past two TANA Conventions. Keeping

in mind the need for more of such eligible singles meet, TANA for the first time arranged it in an out-of-conference ambiance. It has become a social challenge to our youths to choose their right life-partners and this is the most effective way of meeting face-to-face to exchange their views. TANA has identified the need of singles meet and teamed up with TeluguMatrimony to conduct these events on a regular basis at various cities across the USA,” said Prasad Thotakura, TANA executive vice-president.

“This event is definitely worth it. I was initially skeptical whether it was worth traveling from Chicago to Dallas just for this event. But meeting people face-to-face at such events is the perfect complement to

contacting them online at TeluguMatrimony.com. I’d like to see a similar event organized in Chicago,” said Srinivas, who came all the way from Chicago, to attend meet.

Pavan, another attendee, said: “I had a wonderful experience meeting others. The event was very well organized.”
